Dear Aman,

We would like to take this opportunity to thank Good Foods for many years of great service.

Our first experience with Good Foods was at Royal Orchard Public School when we decided to run a lunchtime milk program. Good Foods was with us right from the start. They were always there to make sure our milk and juice was delivered fresh and on time.

Our school moved three years ago into a new facility and Good Foods helped to make our move very easy by picking up and dropping off our milk fridge, and working with us to facilitate a new milk program without any interruptions. Their staff is always friendly and easy to work with, and their products always fresh.

Good Foods has played a vital role in "building healthy mind and healthy bodies" here at Adrienne Clarkson Public School. We would highly recommend their services.

Looking forward to many more years working with Good Foods.

Yours truly,

Brenda Macdonald, Secretary
Adrienne Clarkson Public School
Richmond Hill, Ontario
