Good Foods Enterprises
71 Rosedale Avenue
Brampton, ON L6X 1K4

Dear Aman,

This has been my first experience with a milk program at our school with a population of approximately 700 students. Good Foods has not only made this an easy program to run but has aided in its success.

Your staff has been most helpful, organized and easy to work with. In fact it has been my experience that they will go above and beyond to ensure our school's needs are met. The milk is delivered fast and fresh twice a week without event. For our monthly pizza/milk days when the final numbers aren't quite in yet I can call and have our delivery modified without hesitation. Your company also provided our school with a milk fridge.

Our staff, parents and students thank you for your vital role in providing a nutritious, tasty alternative to help build healthy minds and bodies.

We would highly recommend your company to any organization that is thinking of implementing a milk program.

Yours Truly,

Tammy Rempel, Secretary
John D. Parker Junior School
