Brampton, ON, L6X 1K4

Dear Aman,

I wanted to take this opportunity to express our gratitude for the role Good Foods has played in "Building healthy minds and healthy bodies" here at St. Rita Elementary School.

My first experience with Good Foods was as Principal at St. Anne's School when we initiated the lunchtime milk program. The program was easy to implement and flawlessly implemented, allowing us to support parents in improving their child's lunchtime nutrition options. In addition to the milk program, I have taken advantage of some of the other product offerings such as Mr. Cookie and CHAPMAN'S ice cream bars for special events and activities and they are always delivered fresh and in a timely manner.

As my career has taken me to different schools in the Dufferin-Peel Catholic School Board I have worked with Good Foods on a number of occasions and repeatedly had the opportunity to witness the consistency in the impeccable service and high quality products.

While your business practices are notable, it is your heartfelt belief and investment today's youth that is most inspiring. The "Mr Sippy" Scholarship fund has supported the attendance of St Rita students at both the Youth Leadership Conference and Summer Camp, an opportunity that may otherwise never presented itself for these deserving young leaders.

On behalf of the staff, students and parents of St. Rita, thank you for you continued presence and support in developing our youth.

Sincerely

Gerry Corrigan, Principal  
St Rita Elementary School  
Brampton, Ontario
